- Pose

This is how I want them to be posed. It is very simple. Also this gives you another view of the bow and top part of the dress for the girl. The guys clothes are actually what they guys will be wearing also.

- Background

This is how I want the background to look if you can do it.

- Female References

I want the girls bangs like this

Her hair color

I want the rest of the hair like this. I want it to go down to just past her bottom.

I want her dress to look like this except the bottom will be different. There is a reference for that. Also I want the color to be red and black instead of white and gold. Make sure you get the bow from this one.

Here is an up close picture of the bodice of the gown. I do want the girl to be wearing pearls in her hair like the picture and a pearl bracelet like the picture.

I want the bottom of this gown to be the bottom of the gown that the girl will wear. I also like how the dress is more form fitting.

- Female

- Height - Average Height, not at all tall, but not short either. about 5' 3"
